AIRLIFT

A **Boeing 707-355C "Intercontinental" N525EJ,** an advanced passenger/cargo version, powered by 4 Pratt & Whitney JT3D-3B Turbo Fan Engines, in the striking colors of **Airlift International Inc.,** a U.S. supplemental carrier. The aircraft is shown flying at reduced air speed, indicated by the extended wing **leading-edge flaps,** which function in combination with the main **trailing-edge flaps** and provide for increased lift and stability, especially at very low approach speeds.
